

Greene Coach Tours takes great pride in presenting our 2012 showcase of motor coach travel adventures. This year is special to the Greene Coach family as it marks the 67th anniversary of the company's founding in 1945. That milestone makes Greene Coach Company, Inc., the oldest continuously operated bus company in Tennessee. That achievement alone represents the hard work and dedicated professional ethic instilled in our employees who contribute so much to the success of our company.

Like any other business, Greene Coach has felt the crunch of the economic crisis that faces our nation. But, we have learned new methods of streamlining our business and actually strengthened our position in the past year. One of the major changes you will notice immediately is the new SETRA motor coaches we have added to our fleet. These coaches, manufactured by Mercedes, are state of the art technology and are undisputedly the finest luxury coaches that money can buy. These vehicles are equipped with every amenity imaginable, to include wireless internet, Satellite DirecTV, individual passenger seat belts, the latest in EPA certified clean air engine technology as well as Global Position tracking systems. Climb aboard one of these coaches and you will be swept away by the "smooth as silk ride" and the panoramic view provided by the "Top Sky" sky-light windows.

One of the key factors in our decision to update our tour fleet is the fact that the Department of Transportation has mandated seat belts on all buses. This along with the SETRA certification of European roof strength standards makes the coach the safest commercial tour coach available on our highways today.

It won't be hard to spot one of these beauties as we sport a new look, complete with scenes of the majestic Great Smoky Mountains, lake scenes and other iconic features of this beautiful East Tennessee area we are blessed to live in.

Our tours, continue to maintain the highest standards available in lodging, dining and sightseeing attractions. Our staff of travel professionals work hard to insure you get the very most for your travel investment – and of course we include a lot of the main ingredient, "FUN on the RUN" in our itineraries.

Now, kick back – take ya shoes off – relax and enjoy reading about our destinations this year. After all, there's never been a better time to enjoy the benefits of motor coach touring.

Thanks and God Bless You

DAY 1: Know what one of the Atlantic Coast's best-kept secrets is? You guessed..... North Carolina's Coastal Region. A string of narrow islands and peninsulas along the NC coast make up this region. Rich in history, and in spite of years

of raging storms and shipwrecks, the area has developed a distinctive culture; yet retained its primitive charm.

We'll travel across this beautiful State of NC, to New Bern, where our lodging tonight has been secured.

DAY 2: This morning we will make our way to the first Colonial Capital of NC, the famed Tryon Palace. When it was complete in 1770, the Palace was considered the finest government building in Colonial America. You'll enjoy a narrated tour, by a costumed guide, of this fabulous palace. You also have an opportunity to enjoy the incredible 18<sup>th</sup> century English Garden.

As we approach lunch-time, we'll stop in the beautiful, quaint, seaport village of Beaufort, NC. Here we will have our lunch and free time for shopping in some of the unique village shops.

Afternoon we will continue our journey to Morehead City, NC, for our overnight stay. After some rest and relaxation, we'll enjoy a great musical drama "Worthy is the Lamb". This powerful and inspiring drama of the Life of Christ will leave you spellbound and spiritually uplifted. The set includes a river representing the Sea of Galilee and replicas of Jerusalem, Golgotha and the nearby Garden Tomb. Magnificent is the word to describe this drama.

DAY 3: This morning we will travel to Cedar Island where we will board a ferry to cross the Pamlico Sound to Ocracoke Island on the Outer Banks. This island is said to have been a hangout for Blackbeard, the Pirate. The "Old World" flavor still appears in the irregularity of its houses and sandy streets.

We will continue our drive north along the Cape Hatteras National Seashore. The National Seashore is considered to be the most extensive stretch of undeveloped seashore on the Atlantic Coast. Here we will visit the famed Cape Hatteras Lighthouse, the tallest such "brick structure in the U.S." This light house received notoriety in news papers, magazines and news as to its moving due to the ocean's approach and damage to the protective seawall around the light house. This 208 ft. structure warns ships

away from Diamond Shoals, "the Graveyard of the Atlantic," where countless numbers of vessels, old and new, lie at the bottom of the ocean. After our visit and pictures we will journey on to the beautiful resort area of Nags Head, NC, our stay for the next 2 nights.

DAY 4: Today we will board our motorcoach and travel to Kill Devil Hills, NC, and visit the Wright Brothers Memorial to learn how flight began. It was here in Kill Devil Hills in 1903 that Orville and Wilbur Wright successfully launched the first of a powder driven airplane. This afternoon finds us at the Ft. Raleigh National Historic Site, where we'll learn about the mysterious disappearance of the first permanent English settlement known as "The Lost Colony". You will also have an opportunity to visit the Elizabethan Gardens. These are recreated 16<sup>th</sup> century formal gardens, with a splendor of their own. We will return to our hotel at Nags Head, and prepare to attend playwright, Paul Greene's "The Lost Colony" drama.

DAY 5: Today we will load up our memories and experiences and make our journey back to East Tennessee with a better understanding of the Coastal Region of North Carolina.

We will also see the original Boot Hill Cemetery, named for gunmen and lonely strangers who were killed on the spot and buried with their boots on. Overnight in Dodge City.

DAY 8: We will continue through the “National Breadbasket” this morning to Wichita, Kansas, and on to Oklahoma. Just east of Tulsa is the small town of Claremore, where we will visit the Will Rogers Memorial. Built on a 20-acre site where the humorist once planned to build his home, the memorial includes a museum displaying Rogers’ personal mementos, such as a saddle collection, riding whips and murals depicting his life as a rodeo and film star. Overnight in Claremore.

DAY 9: Today’s journey takes us across the “Show Me” State, Missouri. At Springfield we’ll have time for lunch and browsing at the Bass Pro Shop, one of the world’s largest sporting goods stores featuring an indoor cascading waterfall, a two-story log cabin and five

aquariums.

This afternoon we continue on to Sikeston, MO located in the fertile Mississippi River Delta. Tonight you’ll be our guest for a farewell dinner at Lambert’s “Thrown Rolls” Restaurant. We will overnight in Sikeston.(D)

among the more bizarre occasions. Today Newport is famous for its boating and yachting, and for the restoration and preservation of its many historic mansions.
